SYSTEM OVERVIEW

Name of system:
 Magellan Midstream Partners, L.P.

Name of operator:
 Magellan Midstream Partners, L.P.

Type of system: Transmission

List of products transported in system: Diesel Fuel, Ethanol, Gasoline and Jet Fuel

OPERATOR OVERVIEW

Magellan Midstream Partners, L.P. is a publicly traded limited partnership principally engaged in the transportation, storage, and distribution of refined products and crude oil. Magellan operates a 9,700 mile refined products pipeline system with 53 terminals as well as 27 independent terminals not connected to our pipeline system, an 1100 mile ammonia system, and a 2,200 mile crude oil pipeline system.

COMMITMENT TO SAFETY, HEALTH & ENVIRONMENT

Magellan Midstream Partners, L.P. is committed to the safe, reliable delivery of refined products, Ammonia, and crude oil. Our pipelines are designed, installed, tested, and operated and maintained according to strict standards employed by our company, the pipeline industry, and the federal government. Safety, efficiency, honesty and responsibility are at the core of Magellan's business.

FREQUENTLY ASKED QUESTIONS

1. How can an emergency responder or LEPC obtain maps of the pipeline?

Emergency responders and local planning/zoning authorities may obtain detailed maps of our system from field operations staff or contact us directly via email at: damageprevention@magellanlp.com. In addition, the National Pipeline Mapping System (NPMS) provides a list of pipeline operators in your community as well as the location of pipelines and

other valuable information. It can be accessed through their website at: www.npms.phmsa.dot.gov. All information can be found under Magellan Pipeline Company.

2. How can an emergency responder learn more about the company's official emergency plans?

Magellan has developed a Pipeline Safety and Emergency Response Guide as well as a facility response plan that contains written procedures for responding to an incident. It is designed to quickly evaluate and effectively manage an incident to limit its consequences. Magellan utilizes the incident command system. Field operations personnel have copies of emergency response plans. If interested in learning more about our facility response plan, please contact your local Magellan field representative or contact Magellan Corporate directly via email at: damageprevention@magellanlp.com.

3 How can responders learn more about pipeline responding training opportunities?
