WHO IS FUNDARE RESOURCES COMPANY, LLC

Fundare Resources is a private oil and gas exploration and production company with operations in the DJ Basin. Assets include 69,000 net acres with 319 currently operated wells. In Q4 2021, Fundare closed on the purchase of Whiting Oil and Gas' former Redtail Assets, located in northern Weld County, Colorado.

Midstream assets include a 65 MMcfpd gas processing plant connected to 100 miles of gas gathering pipelines, and 25 miles of liquid gathering and transmission pipelines that deliver to the Pawnee Terminal.

HOW WOULD YOU RECOGNIZE A PIPELINE LEAK?

- Sight: Oily or rainbow sheen on water surface, water bubbling or being blown into the air, a pool of liquid on the ground, dead or discolored vegetation amongst healthy plants, and flames near a pipeline.
- Sound: Hissing or gurgling sound near a pipeline.
- · Smell: A petroleum odor.

WHAT TO DO IN THE EVENT A LEAK WERE TO OCCUR:

- Turn off all equipment and eliminate any ignition sources without risking injury.
- Leave the area by foot immediately.
 Try to direct any other bystanders to leave the area. Attempt to stay upwind.
- From a safe location, notify Fundare Resources Company, LLC immediately and call 911.

WHAT NOT TO DO IN THE EVENT A LEAK WERE TO OCCUR:

 DO NOT cause any open flame or other potential source of ignition such as an electrical switch, vehicle ignition, light a match, etc. Do not start motor vehicles or electrical equipment. Do not ring doorbells to notify others of the leak. Knock with your hand to avoid potential sparks from electric doorbells.

- DO NOT come into direct contact with any escaping liquids or vapors.
- DO NOT drive into a leak or vapor cloud while leaving the area.
- DO NOT attempt to operate any pipeline valves yourself. You may inadvertently route more product to the leak or cause a secondary incident.
- DO NOT attempt to extinguish a petroleum product fire. Wait for local firemen and other professionals trained to deal with such emergencies

PIPELINE SAFETY

System failures occur infrequently along the nation's network of interstate natural gas pipeline facilities, and many of these are caused by damage from others digging near the pipeline. We watch for unauthorized digging, but we request your help to notify us.

We participate in One-Call Centers and strongly encourage those who are going to dig to call their state One-Call Center or the 811 "Call before you dig" hotline (see below) to allow pipeline companies and owners of other buried utilities a chance to mark the underground facilities in the area before digging begins.

You can also find out where other companies' pipelines are in your area by going to the National Pipeline Mapping System website at www.npms.phmsa.dot.gov.

PIPELINE LOCATION AND MARKERS

Pipeline markers are used to indicate the approximate location of a natural gas pipeline and to provide contact information. Aerial patrol planes also use the markers to identify the pipeline route. Markers should never be removed or relocated by anyone other than a pipeline operator.

EMERGENCY CONTACT: 720-547-3366

PRODUCTS/DOT GUIDEBOOK ID#/GUIDE#:Crude Oil 1267 128

COLORADO COUNTIES OF OPERATION:

Weld

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

PRODUCTS TRANSPORTED

Product: Crude Oil
Leak Type: Liquid

Vapors: Initially heavier than air and spread along ground and collect in low or confined areas. Vapors may travel to source of ignition and flash back. Explosion hazards indoors, outdoors or in sewers.

Health Hazards: Inhalation or contact with material may irritate or burn skin and eyes. Fire may produce irritating, corrosive and/or toxic gases. Vapors may cause dizziness or suffocation. Runoff from fire control or dilution water may cause pollution.

EMERGENCY RESPONSE PLANS

An Emergency Response Plan is developed for each pipeline facility to contain, control and mitigate the various types of emergency conditions/situations that could occur at one of our facilities. For more information regarding Fundare Resources Company, LLC's emergency response plans and procedures, contact us directly.
