COMPANY PROFILE

Aethon Energy Operating LLC and its affiliates Haynesville Gathering LP, Ibex Midstream and Aethon United Pipeline LP are based in Dallas, TX and operate oil and gas assets as well as related infrastructure.

We operate about 700 miles of intrastate natural gas pipelines, both transmission and gathering, in Northwestern Louisiana along with related compression and treating facilities. If you observe any unusual or suspicious activity near our pipeline facilities or in the unlikely event an emergency occurs, please call us at any time using the numbers listed in this document.

WHAT ARE THE SIGNS OF A NATURAL GAS PIPELINE LEAK?

- Blowing or hissing sound
- Dust blowing from a hole in the ground
- Continuous bubbling in wet or flooded areas
- Gaseous or hydrocarbon odor
- Dead or discolored vegetation in a green area
- Flames, if a leak has ignited

WHAT SHOULD I DO IF I SUSPECT A PIPELINE LEAK?

Your personal safety should be your first concern:

- Evacuate the area and prevent anyone from entering
- Abandon any equipment being used near the area
- Avoid any open flames
- Avoid introducing any sources of ignition to the area (such as cell phones, pagers, 2-way radios)
- Do not start/turn off motor vehicles/ electrical equipment
- Call 911 or contact local fire or law enforcement
- Notify the pipeline company
- Do not attempt to extinguish a natural gas fire
- Do not attempt to operate any pipeline valves

PIPELINE SAFETY

System failures occur infrequently along the nation’s network of interstate natural gas pipeline facilities, and many of these are caused by damage from others digging near the pipeline. We watch for unauthorized digging, but we request your help to notify us.

ALWAYS CALL 811 BEFORE YOU DIG!

PIPELINE LOCATION AND MARKERS

Pipeline markers are used to indicate the approximate location of a natural gas pipeline and to provide contact information. Markers should never be removed or relocated by anyone other than a pipeline operator.

You can also find out where other companies’ pipelines are in your area by going to the National Pipeline Mapping System website at www.npms.phmsa.dot.gov.

EMERGENCY RESPONSE PLANS

An Emergency Response Plan is developed to contain, control and mitigate the various types of emergency conditions/situations that could occur at one of our facilities.

**EMERGENCY CONTACT:
 1-800-274-0033**

PRODUCTS/DOT GUIDEBOOK ID#/GUIDE#:		
Natural Gas	1971	115

**LOUISIANA
 PARISHES OF OPERATION:**

Bienville	De Soto
Bossier	Lincoln
Caddo	Red River
Claiborne	Webster

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

For more information regarding Aethon Energy Operating LLC and its affiliates emergency response plan and procedures, contact us directly.

COMMITMENT TO SAFETY, HEALTH & THE ENVIRONMENT

Aethon and its affiliates believe strongly in the importance of a culture centered around safety to ensure the collective wellbeing of our employees, contractors and neighbors. The long term success of Aethon depends on our ability to continually improve and cost effectively produce oil and gas while protecting people and the environment. Emphasis must be placed on human health, operational safety, environmental protection, security and community goodwill. Aethon operations will comply with all laws, regulations and company practices.
