OVERVIEW

Texas Gas Transmission, LLC is an interstate pipeline that moves natural gas from Gulf Coast and Fayetteville Shale supply areas to more distant on-system markets in the Midwest and to off-system markets in the Northeast via interconnections with third-party pipelines. It originates in the Louisiana Gulf Coast area and in East Texas and runs north and east through Louisiana, Arkansas, Mississippi, Tennessee, Kentucky, Indiana, and into Ohio, with smaller diameter lines extending into Illinois.

COMMITMENT TO SAFETY, HEALTH & THE ENVIRONMENT

Texas Gas Transmission, LLC is committed to the protection of the public and the environment through the safe operation and maintenance of its pipeline systems. Texas Gas Transmission, LLC's qualified personnel are trained in emergency response activities and regularly participate in drills and exercises reflecting various types of response levels, emergency scenarios, topographic terrain and environmental sensitivities. Texas Gas Transmission, LLC has committed the necessary resources to fully prepare and implement its emergency response plans.

COMMUNICATIONS

Texas Gas Transmission, LLC utilizes its 24-hour Pipeline Control Center (1-800-626-1948) as a hub of communications in emergency response situations.

The Control Center has a vast catalog of resources and capabilities. On-site communications are conducted using cellular telephones, portable radios, satellite phones and/or land-line telephone systems from company facilities and offices.
