COMMITMENT

Mississippi Hub is committed to the protection of the public and the environment through the safe operation and maintenance of its pipeline systems. Mississippi Hub’s qualified personnel are trained in emergency response activities and regularly participate in drills and exercises reflecting various types of response levels, emergency scenarios, topographic terrain and environmental sensitivities.

Mississippi Hub has committed the necessary resources to fully prepare and implement its emergency response plans and has obtained through contract the necessary private personnel and equipment to respond, to the maximum extent practicable, to a “worst case” discharge or substantial threat of such a discharge.

COMMUNICATIONS

Mississippi Hub utilizes its 24-hour Everline 832-437-9804 & 877-465-1788 as a hub of communications in emergency response situations. In addition, Mississippi Hub Pipeline Systems/Facility Storage also contains an emergency number (888) 307-7595. The Control Center has a vast catalog of resources and capabilities. On-site communications are conducted using cellular telephones, portable Motorola Radios and/or land-line telephone systems from Company facilities and offices.

INCIDENT COMMAND SYSTEM

Mississippi Hub utilizes an expandable Incident Command System. Depending upon the size and complexity of an incident, additional Company or contract personnel may be added as needed. Additional federal, state or local agencies may be integrated into the Incident Command System by utilizing a Unified Command Structure.

SPILL RESPONSE EQUIPMENT

Mississippi Hub maintains emergency response equipment at its facility. Equipment and materials include spill boom (of various types, sizes and lengths as needed in different areas), sorbent materials, boats, motors, hand tools, power tools, pumps, hoses, personal protective equipment, first aid and miscellaneous supplies.

For more information regarding Mississippi Hub, LLC emergency response plans and procedures, call David Merchant, Operations Manager, at (205) 712-0065.
