Razorback Pipeline LLC operates an eight inch refined petroleum products pipeline that transports two grades of gasoline and one grade of ultra low sulphur diesel fuel from our facility north of Mt Vernon, Mo. to our facility in Rogers, AR. The pipeline crosses three counties in Missouri; Lawrence, Barry and McDonald. This 67-mile stretch of pipeline transports up to 20,000 barrels of petroleum daily.

Razorback Pipeline LLC is owned by TransMontaigne Partners L.P. (TLP); which is based in Denver, Colorado. TLP has operations along the Gulf Coast; in Brownsville, TX; along the Mississippi and Ohio Rivers; and in the Midwest. TLP

provides integrated terminaling, storage, transportation and related services for customers engaged in the distribution and marketing of refined petroleum products, crude oil, chemicals, fertilizers and other liquid products. TLP handles light refined products, heavy refined products, crude oil, chemicals and fertilizers on behalf of their customers. Light refined products include gasolines, diesel fuels, heating oil and jet fuels. Heavy refined products include residual fuel oils and asphalt.

Razorback Pipeline LLC was constructed in 1989 and is a member of both the Missouri One Call and Arkansas One Call systems.
