NATURAL GAS SAFETY

Natural gas is one of the safest and cleanest burning energy sources available. National Fuel Gas Midstream Company, LLC makes safety a top priority in all that we do from design to construction to operations.

National Fuel Gas Midstream Company, LLC's 24-hour gas emergency line, **1-800-526-2608**.

CALL BEFORE YOU DIG, DRILL OR BLAST – IT'S THE LAW!

A new, national 811 "Call Before You Dig" phone number and website – www.call811.com. Make it easier than ever to call before you dig.

All excavation projects require a call – even small projects like planting trees and shrubs, or installing a fence or mailbox. If you damage an underground utility line while digging, you run the risk of harming yourself or those around you, disrupting service to an entire neighborhood and potentially being held responsible for fines and repair costs.

In Pennsylvania, you must call 811 at least three days before digging.
