ABOUT SANTEE COOPER PIPELINE

Santee Cooper is South Carolina's state-owned electric and water utility and the state's largest power producer. Based on generation, Santee Cooper is the nation's second largest publicly owned electric utility among state, municipal and district systems, and the third largest based on megawatt-hour sales to ultimate customers.

The source of power for more than 2 million South Carolinians, Santee Cooper provides direct service to more than 163,000 retail customers in Berkeley, Georgetown and Horry counties. Santee Cooper is the primary source of power distributed by the state's 20 electric cooperatives to more than 700,000 customers located in the state's 46 counties. Santee Cooper also supplies power directly to 29 large industrial customers in 10 counties, the town of Bamberg, the City of Georgetown and the Charleston Air Force Base.

Santee Cooper owns and operates a 2 mile long, 16" diameter pipeline with 0.3 miles originating in Hart County, GA and 1.7 miles ending in Anderson County, SC. The sole purpose of this pipeline is to supply natural gas to the Rainey Generating Station for electrical power generation.

MAINTAINING SAFETY AND INTEGRITY OF PIPELINES

Our company's mission is to be the state's leading resource for improving the quality of life for the people of South Carolina. One of the chief ways we do that is by protecting our environment. Our environmental efforts are core to our company's vision and beliefs. We are committed to.

- Compliance with all applicable federal, state, and local environmental statutes, regulations, enforceable agreements, and permits.
- Continual improvement in environmental performance, through proactively seeking ways to enhance compliance, promoting conservation and renewable energy initiatives, minimizing environmental risks, promoting pollution prevention, and dedicating personnel, equipment, training, and materials for the comprehensive Environmental Management System.

HOW TO GET ADDITIONAL INFORMATION

For an overview of Santee Cooper contact us at 864-352-6110.

PRODUCTS TRANSPORTED IN YOUR AREA

PRODUCT	LEAK TYPE	VAPORS
NATURAL GAS	Gas	Lighter than air and will generally rise and dissipate. May gather in a confined space and travel to a source of ignition.
HEALTH HAZARDS	Will be easily ignited by heat, sparks or flames and will form explosive mixtures with air. Vapors may cause dizziness or asphyxiation without warning and may be toxic if inhaled at high concentrations. Contact with gas or liquefied gas may cause burns, severe injury and/or frostbite.
