OVERVIEW

Gulf South Pipeline Company, LP (“Gulf South”) is a “web-like” interstate natural gas pipeline system that gathers gas from basins between Texas and Alabama and delivers it to on-system markets within its footprint and to off-system markets in the Northeast, Midwest and Southeast through interconnections with third-party pipelines. Gulf South is located entirely in the Gulf Coast states of Texas, Louisiana, Mississippi, Alabama and Florida.

COMMITMENT TO SAFETY, HEALTH & THE ENVIRONMENT

Gulf South Pipeline Company, L.P. is committed to the protection of the public and the environment through the safe operation and maintenance of its pipeline systems. Gulf South Pipeline Company, L.P.’s qualified personnel are trained in emergency response activities and regularly participate in drills and exercises reflecting various types of response levels, emergency scenarios, topographic terrain and environmental sensitivities. Gulf South Pipeline Company, L.P. has committed the necessary resources to fully prepare and implement its emergency response plans.

COMMUNICATIONS

Gulf South Pipeline Company, L.P. utilizes its 24-hour Pipeline Control Center (1-800-850-0051) as a hub of communications in emergency response situations.

The Control Center has a vast catalog of resources and capabilities. On-site communications are conducted using cellular telephones, portable radios, satellite phones and/or land-line telephone systems from company facilities and offices.
