Martin Operating Partnership L.P. is dedicated to providing a safe work environment for our employees, safe conditions in the communities in which we operate in, and full compliance to the regulatory agencies which oversee our industry. Our foundation for success is built on a pledge to conduct ethical and lawful operations in order to achieve our primary goals; to do no harm to people, property, or our planet.

Our success is also attributed to public officials, emergency responders, and the communities in which we work in and around. We recognize and thank you for your commitment to serve and your dedication to work with Martin Operating Partnership L.P. Our employees at Martin recognize the importance of this commitment, and we seek to continue building relationships with our stakeholders.

The pipeline systems listed below are under constant monitoring by professionals who are trained and committed to achieving our company goals. Our operators utilize systems that can indicate potential hazards and give advanced warnings to eliminate the possibility of an incident. It has been the commitment of the management at Martin Operating Partnership to maintain these systems as a top priority. These employees fully understand our priority is focused on safety for them and the communities in which we operate.
