

SEA ROBIN PIPELINE
An ENERGY TRANSFER Company

1300 Main St.
Houston, TX 77002
Phone: (713) 989-7000
Website: www.energytransfer.com

Energy Transfer Partners, a Texas-based energy company founded in 1995 as a small intrastate natural gas pipeline company, is now one of the largest and most diversified master limited partnerships in the United States.

Strategically positioned in all of the major U.S. production basins, the company owns and operates a geographically diverse portfolio of energy assets, including midstream, intrastate and interstate transportation and storage assets. Energy Transfer operates nearly

120,000 miles of natural gas, crude oil, natural gas liquids and refined products pipelines and related facilities, including terminalling, storage, fractionation, blending and various acquisition and marketing assets in 41 states.

Sea Robin Pipeline, an approximate 1,000-mile interstate natural gas pipeline system, reaches into the Gulf Coast deep water supplies. It stretches from the Ship Shoal area in the central Gulf of Mexico to the East Cameron area in the western Gulf.
