

WHO IS LM ENERGY PARTNERS?

We operate approximately 12 miles of high pressure natural gas gathering pipelines in Eddy County, New Mexico.

If you observe any unusual or suspicious activity near our pipeline facilities or in the unlikely event an emergency occurs, please call us at any time using one of the numbers listed in this document.

More information on LM Energy Partners can be found at:
www.lmenergypartners.com

PIPELINE SAFETY

Many pipeline leaks are caused by damage from others digging near the pipeline. We watch for unauthorized digging, but we request your help to notify us.

ALWAYS CALL 811 BEFORE YOU DIG!

**Know what's below.
Call before you dig.**

PIPELINE LOCATION AND MARKERS

Pipeline markers are used to indicate the approximate location of a crude oil pipeline and to provide contact information. Markers should never be removed or relocated by anyone other than a pipeline operator.

You can also find out where other companies' pipelines are in your area by going to the National Pipeline Mapping System website at www.npms.phmsa.dot.gov.

NEW MEXICO COUNTIES OF OPERATION:

Eddy

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

WHAT ARE THE SIGNS OF A CRUDE OIL PIPELINE LEAK?

- Crude Oil bubbling up from the ground
- Gaseous or hydrocarbon odor
- Dead or discolored vegetation in a green area
- Flames, if a leak has ignited

WHAT ARE THE SIGNS OF A NATURAL GAS PIPELINE LEAK?

- Blowing or hissing sound
- Dust blowing from a hole in the ground
- Continuous bubbling in wet or flooded areas
- Gaseous or hydrocarbon odor
- Dead or discolored vegetation in a green area
- Flames, if a leak has ignited

WHAT SHOULD I DO IF I SUSPECT A PIPELINE LEAK?

Your personal safety should be your first concern:

- Evacuate the area and prevent anyone from entering
- Abandon any equipment being used near the area

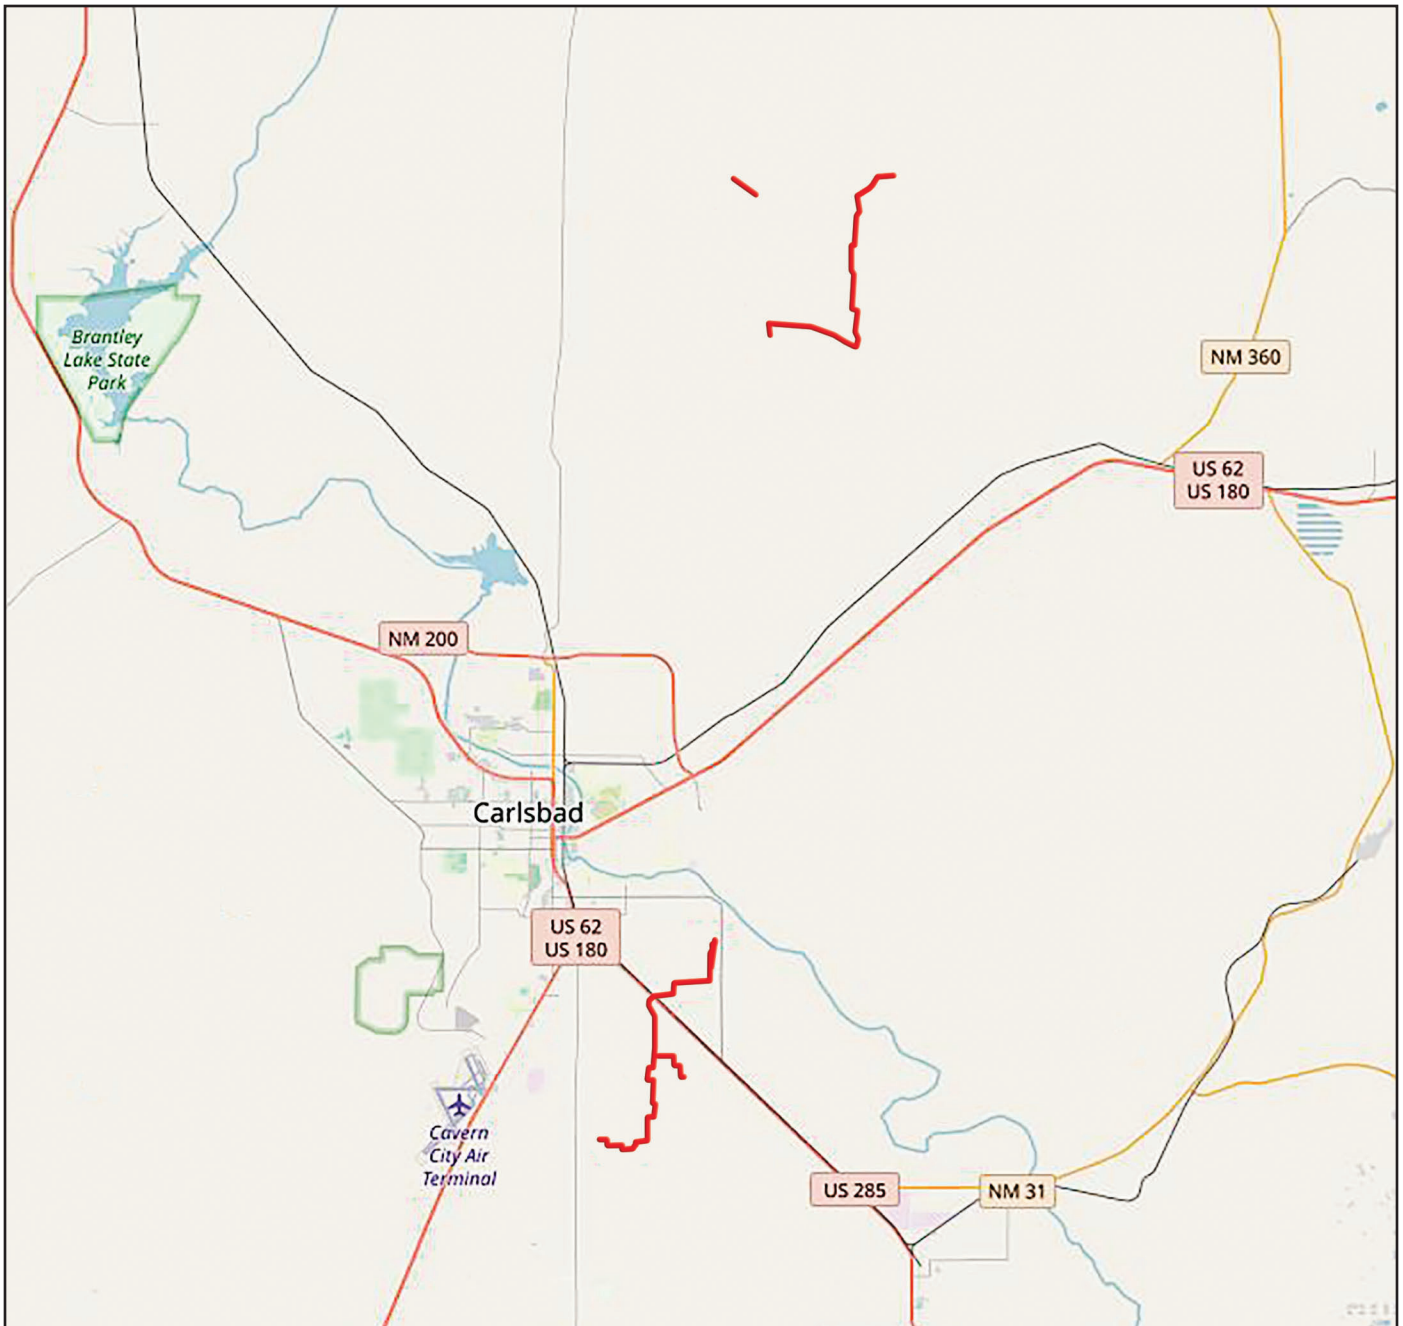

- Avoid any open flames
- Avoid introducing any sources of ignition to the area (such as cell phones, pagers, 2-way radios)
- Do not start/turn off motor vehicles/electrical equipment
- Call 911 or contact local fire or law enforcement
- Notify the pipeline company
- Do not attempt to extinguish a Crude oil fire
- Do not attempt to operate any pipeline valves

EMERGENCY RESPONSE PLANS

An Emergency Response Plan is developed for each pipeline facility to contain, control and mitigate the various types of emergency conditions/situations that could occur at one of our facilities. For more information regarding LM Energy Partners emergency response plans and procedures, contact us directly.

HOW TO GET ADDITIONAL INFORMATION

For more information, contact us at 866-851-7475.
