Knox Energy LLC and Coalfield Pipeline Company represents the combined operations of Coalfield Pipeline Company and Knox Energy, LLC. Knox Energy LLC engages in oil and gas drilling and Coalfield Pipeline Company compresses and transports natural gas from wells. The companies are based in the United States.

- Be Aware of Pipelines in Your Area
- Call Before You Dig
- Report Unusual Conditions
- Know What Steps to Take in an Emergency

Because natural gas pipelines are underground, the public often is unaware of their presence. Pipelines may be in their neighborhood, or even on private property. How do you know? One of the easiest ways to locate a pipeline is to recognize pipeline markers. Coalfield Pipeline installs these high-visibility yellow markers at road crossings, railroads and other points along the pipeline right-of-way. The

Markers DO NOT Show:

- The depth of the pipelines
- The number of pipelines
- The exact location of the pipelines

Markers DO Show:

- The approximate location of the pipelines
- Our company's name
- Emergency phone number

Please contact us for additional information.
