

**WELCOME TO ADVARIO**

Advario is one of the world’s leading independent storage partners for oils, chemicals, gases and dry bulk. Advario owns and operates 73 terminals in 22 countries with a total storage capacity of 19 million cubic meters. Whether we are providing exceptional storage services, creating profitable outsourcing projects, or engineering successful joint ventures, you will find us wherever there’s a need for creative logistical solutions.

You can read about our terminals and locate them with the help of the world map - or read about the company’s history in our Advario timeline. Also, check out our toolbox with converters and time zones.

**EMERGENCY RESPONSE CAPABILITIES**

**COMMITMENT**

Advario is committed to the protection of the public and the environment through the safe operation and maintenance of its pipeline systems. Advario’s qualified personnel are trained in emergency response activities and regularly participate in drills and exercises reflecting various types of response levels, emergency scenarios, topographic terrain and environmental sensitivities.

Advario has committed the necessary resources to fully prepare and implement its emergency response plans and has obtained through contract the necessary private personnel and equipment to respond, to the maximum extent practicable, to a “worst case” discharge or substantial threat of such a discharge.

**COMMUNICATIONS**

Advario utilizes its 24-hour Pipeline Control Center (1-409-916-6300) as a hub of communications in emergency response situations. The Control Center has a vast catalog of resources and capabilities. On-site communications are conducted using cellular telephones portable Motorola Radios and/or land-line telephone systems from Company facilities and offices.

**INCIDENT COMMAND SYSTEM**

Advario utilizes an expandable Incident Command System. Depending upon the size and complexity of an incident, additional Company or contract personnel may be added as needed. Additional federal, state or local agencies may be integrated into the Incident Command System by utilizing a Unified Command Structure.

**SPILL RESPONSE EQUIPMENT**

Advario maintains emergency response trailers and equipment at strategically located facilities. Trailers contain spill boom (of various types, sizes and lengths as needed in different areas), sorbent materials, boats, motors, hand tools, power tools, pumps, hoses, personal protective equipment, first aid and miscellaneous supplies. Emergency response trailers are maintained at Advarios facility in Galveston county Texas.

**OIL SPILL CONTRACTORS**

Certified Oil Spill Response Organizations (OSROs) under contract by Advario are T&T Marine. These OSROs can be relied upon for an appropriate level of response with spill response equipment and trained personnel.
