**ABOUT AGERON ENERGY,LLC**

Ageron Energy, LLC is a Natural Gas Production and Gathering Company that is located in South Texas. Ageron Energy, LLC operates and maintains approximately 23.83 miles of intrastate pipelines with 13.55 miles of intrastate regulated pipelines in Webb County.

**COMMITMENT TO SAFETY, HEALTH & ENVIRONMENT**

A fundamental commitment at Ageron Energy, LLC is the protection our employees, our contractors, the public, and the environment. Ageron Energy LLC's EHS policy guides all of our activities and will not be compromised in any business endeavor. We will:

- Comply with all applicable environmental, health and safety laws and regulations
- Implement the EHS Policy through demonstrated leadership and the application of appropriate resources.
- Assign responsibility and accountability throughout Ageron Energy LLC for EHS performance by setting quantifiable goals, tracking progress and reporting results.

- Anticipate and manage risk through business processes that emphasize prevention but prepare us to effectively respond in the event of an incident.
- Train our employees so we can operate safely and meet our EHS commitment.
- Expect that all contractors and other parties engaged in activities on our operated properties comply with our standards as well as all applicable EH&S laws and regulations.
- Conduct reviews and evaluations of our assets and operations as appropriate to identify hazards, verify compliance, and continuously improve EH&S performance.
