

Energy Transfer Partners, a Texas-based energy company founded in 1995 as a small intrastate natural gas pipeline company, is now one of the largest and most diversified master limited partnerships in the United States.

Strategically positioned in all of the major U.S. production basins, the company owns and operates a geographically diverse portfolio of energy assets, including midstream, intrastate and interstate transportation and storage assets. Energy Transfer operates nearly 125,000 miles of natural gas, crude oil, natural gas liquids and refined products pipelines and related facilities, including terminalling, storage, fractionation, blending and various acquisition and marketing assets in 41 states.

Bayou Bridge is an approximately 200-mile crude oil pipeline system that originates at a terminal in Nederland, Texas, connects to refineries in Lake Charles, Louisiana and a marketing hub in St. James, Louisiana. The pipeline, a joint venture, is operated by Sunoco Pipeline.
