**OPERATOR OVERVIEW**

CPN Pipeline Company is a subsidiary of Calpine Corporation and operator for Calpine Texas Pipeline, L.P. Calpine, one of the nation's largest energy producers, is dedicated to providing clean, reliable and affordable electricity. CPN Pipeline Company transports the natural gas that fuels Calpine power plants, including the Baytown, Bosque, Freestone, Deer Park, Pasadena, Hidalgo, Quail Run and Magic Valley Energy Centers.

Calpine Corporation is helping meet the needs of an economy that demands more and cleaner sources of electricity. Founded in 1984, Calpine is a major U.S. power company, capable of delivering over 24,000 megawatts of clean, cost-effective, reliable and fuel-efficient electricity to customers and communities in 16 states in the U.S. and Canada. The company owns, leases and operates low-carbon, natural gas-fired and renewable geothermal power plants. Using advanced technologies, Calpine generates electricity in a reliable and environmentally responsible manner for the customers and communities it serves.

**COMMITMENT TO SAFETY, HEALTH & ENVIRONMENT**

Calpine is committed to assuring the safety of all company operations. The company strives to conduct its operations in a manner that consciously safeguards our employees, contractors, visitors, customers and the communities in which we work and live.

Specifically, CPN Pipeline Company undertakes a variety of measures to prevent accidents and maintain the integrity of pipelines. These measures include:

1. Membership and participation in state One Call systems
2. Written Damage Prevention and Public Awareness Program
3. Integrity Management Program for pipelines in high consequence areas
4. Emergency Response planning and coordination
5. Modern control center monitoring of pipelines 24-7
6. Regular patrols
7. Cathodic Protection Program to prevent and detect corrosion
