Website: www.chevron.com

We at Chevron Pipe Line Company take seriously our responsibility to inform and educate communities on how to live safely with nearby pipelines.

Working together, our education program will assure your community of our commitment to safety and raise public awareness of the presence of pipelines in your neighborhoods and near places of business.

More information on Chevron Pipe Line Company can be found at: www.chevron.com

WHAT ARE THE SIGNS OF A PIPELINE LEAK?

- Continuous bubbling or blowing water in wet or flooded areas
- Oily or rainbow sheen on water surface
- A pool of liquid on the ground
- Vaporous fogs or blowing dirt around a pipeline area or hole in the ground
- Dead or discolored plants in an otherwise healthy area
- Frozen ground in warm weather

WHAT SHOULD I DO IF I SUSPECT A PIPELINE LEAK?

Your personal safety should be your first concern:

- Evacuate the area and prevent anyone from entering
- Abandon any equipment being used near the area
- Avoid any open flames
- Avoid introducing any sources of ignition to the area (such as cell phones, pagers, 2-way radios)
- Do not start/turn off motor vehicles/ electrical equipment
- Call 911 or contact local fire or law enforcement
- Notify the pipeline company
- Do not attempt to extinguish a natural gas fire
- Do not attempt to operate any pipeline valves

PIPELINE SAFETY

System failures occur infrequently along the nation’s network of interstate natural gas pipeline facilities, and many of these are caused by damage from others digging near the pipeline. We watch for unauthorized digging, but we request your help to notify us.

ALWAYS CALL 811 BEFORE YOU DIG!

**Know what's below.
 Call before you dig.**

PIPELINE LOCATION AND MARKERS

Pipeline markers are used to indicate the approximate location of a natural gas pipeline and to provide contact information. Aerial patrol planes also use the markers to identify the pipeline route. Markers should never be removed or relocated by anyone other than a pipeline operator.

You can also find out where other companies’ pipelines are in your area by going to the National Pipeline Mapping System website at www.npms.phmsa.dot.gov.

EMERGENCY RESPONDERS

We are committed to the safety of our emergency responders and the communities you serve. We want to provide you with information to keep you and your community safe by making our Emergency Response Plans available to you and your agency through our **Emergency Response Portal (ERP™)**.

**EMERGENCY CONTACT:
 1-800-762-3404**
