

**EMERGENCY RESPONSE CAPABILITIES**

**COMMITMENT**

At Kinder Morgan our first priority is the same as yours – public safety. While we design, install, test, operate, and maintain our pipelines to meet or exceed regulatory standards, we believe in comprehensive planning in the unlikely event of an incident.

In emergency situations, we have the same priorities as local emergency responders; namely life, safety, incident stabilization, and property and environmental protection. We are further committed to ensuring that you have an awareness of our operations as well as our procedures in the event of an emergency. We envision our relationship with the emergency response community as a long-term partnership with common goals.

**COMMITMENT TO SAFETY, HEALTH & ENVIRONMENT**

At Kinder Morgan, we are committed to public safety, protection of the environment and operation of our facilities in compliance with all applicable rules and regulations. It is our goal to work openly and cooperatively with all stakeholders regarding environmental, health and safety (EHS) issues. To help us achieve that goal, we integrate Kinder Morgan EHS employees into each business unit, where they actively participate in the overall operating success of the organization. Dedicated to operational excellence, we are very proud of our safety record and our responsible actions relative to protecting the public, the environment, and our employees.
