WEST TEXAS EMERGENCY RESPONSE CAPABILITIES COMMITMENT

Pioneer Natural Resources is committed to the protection of the public and the environment through the safe operation and maintenance of its pipeline systems.

Pioneer's qualified personnel are trained in emergency response activities and regularly participate in exercises reflecting various types of response levels and emergency scenarios.

Pioneer Natural Resources has committed the necessary resources to fully prepare and implement its emergency response plans and has obtained through contract the necessary equipment to respond, to the maximum extent practicable, to a "worst case" discharge or substantial threat of such discharge.

COMMUNICATIONS

Pioneer Natural Resources utilizes a 24-hour Remote Operations Hub (1-877-793-1997). The Remote Operations Hub maintains a Pioneer Natural Resources call list which contains the proper personnel to contact in case of an emergency. On-site communications are conducted using cellular phone, telephone systems from Company facilities/offices, and Satellite phones.

INCIDENT COMMAND SYSTEM

Pioneer Natural Resources utilizes the Incident Command system and will establish an Incident command post in a safe and secure location depending upon the size, location, and complexity of an incident. Pioneer Natural Resources employees have access to the Emergency Action Plan through the company portal and electronic devices.

RESPONSE EQUIPMENT

All Pioneer Natural Resources personnel carry first aid kits, dry chemical fire extinguishers, and personal protective equipment in their vehicles. Pioneer Natural Resources also maintains absorbent material, hand tools and power tools.

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

SPILL CONTRACTORS

Allied International Emergency, LLC located in Stanton, Texas is a Certified Oil Spill Removal Organization that can be relied upon by Pioneer Natural Resources for an appropriate level of response with spill response equipment and trained personnel.

For more information regarding Pioneer Natural Resources response plans and procedures, Call Jeff Meiner, Emergency Management Lead, at 432-301-3176.
