Energy Transfer, a Texas-based energy company founded in 1995 as a small intrastate natural gas pipeline company, is now one of the largest and most diversified master limited partnerships in the United States.

Strategically positioned in all of the major U.S. production basins, the company owns and operates a geographically diverse portfolio of energy assets, including midstream, intrastate and interstate transportation and storage assets. Energy Transfer operates nearly 125,000 miles of natural gas, crude oil, natural gas liquids and refined products pipelines and related facilities, including terminalling, storage, fractionation, blending and various acquisition and marketing assets in 41 states.

Sunoco Pipeline operates a geographically diverse pipeline system that transports refined products, natural gas and natural gas liquids from the shale fields, including the Marcellus, Utica and others, to markets in Pennsylvania, Canada and beyond.

For more information about local operations of **Sunoco Pipeline**, please contact us:
